Product Description

Factory direct sales LED UV ink for Epson DX5 DX7 DX10 XP600 TX800 4720 1390 1800 for mobile phone case glass

Product Description:

EPSON UV Ink Product Overview

The EPSON UV Ink is a high-quality UV printing ink solution designed for professional printing applications. It is specifically formulated for use with EPSON Ultraviolet Ink printers and offers exceptional performance and durability. With its unique blend of properties, this ink is ideal for a wide range of printing needs.

Property: Hard/Soft/Neutral

The EPSON UV Ink is a versatile product that can be used to achieve a variety of finishes, depending on the desired effect. It can be used to create prints with a hard, glossy finish, or a soft, matte finish. It can also be used to achieve a neutral, balanced look for a more natural appearance.

Scratch Resistance: High

The EPSON UV Ink offers high scratch resistance, making it the perfect solution for printing on materials that are prone to scratches or scuffs. This ink is designed to withstand the rigors of handling and transportation, ensuring that your prints stay looking sharp and professional.

Volume: 500 MI

The EPSON UV Ink is available in a 500 ml volume, providing a generous amount of ink for your printing needs. This volume is suitable for both small and large-scale printing projects, and ensures that you have enough ink to complete your jobs without constantly needing to refill.

Ink Configuration: BK/CY/MG/YL/WH

The EPSON UV Ink comes in a five-color configuration, consisting of black (BK), cyan (CY), magenta (MG), yellow (YL), and white (WH) inks. This configuration allows for a wide range of color mixing and produces vibrant, true-to-life prints with every use.

Chemical Resistance: Excellent

The EPSON UV Ink offers excellent chemical resistance, making it suitable for use on a variety of materials. It is resistant to fading, water damage, and chemical exposure, ensuring that your prints maintain their quality and longevity.

In conclusion, the EPSON UV Ink is a top-of-the-line UV printing ink solution that offers a unique blend of properties to meet the demands of professional printing applications. With its high scratch resistance, generous volume, versatile ink configuration, and excellent chemical resistance, this ink is a must-have for any printing project.

Features:

Product Name: EPSON UV Ink

Property: Hard/Soft/Neutral

Adhesion: Excellent

Suitable Printhead: Epson DX5 DX7 DX10 XP600 TX800 4720 1390 1800 5113

Volume: 500 MI

Chemical Resistance: Excellent
